

Self-Loading Gun

Well if you try – just to find your place
And if you try – just to find some work
And if you try – just to find some hold.

And if they don't – understand your life
And if they don't – understand your dreams
And if they don't – understand your anger.

Bridge

And if you can't help yourself and you see, there is no-one with you

Chorus

A self-loading gun
A self-loading gun
A self-loading gun
How far has it come?

And if you search – for your personal future
And if you search – for someone, who is with you
And if you search – for some place to belong to.

Bridge

And if you can't help yourself as you always have tried to do

Chorus

A self-loading gun
A self-loading gun
A self-loading gun
How far has it come?

Well, if you have – someone in your family
And if you have – someone, who's deceiving
And if you have – someone, who's betraying.

Bridge

And if there are just shadows that are constantly pulling you down

Chorus

A self-loading gun
A self-loading gun
A self-loading gun
How far has it come?

A self-loading gun
A self-loading gun
A self-loading gun
How far has it come?
