

Those Nights Were Long Ago

Those nights were long ago
Those nights were long ago
Those nights were glad to be free
Those nights were free.

In the morning I went away
In the morning I went away
I know I made you sad
You were so sad.

You said, I was different that night
You said that I was different that night
You said it so silently
But I know, you said it to me.

I know, I did something wrong
I know I did something wrong
I should have known before
God, I should have known.

I wonder where you are these days
I wonder where you are these days
Where you're sticking around
And if you're happy at all.

Those nights were long ago
Those nights were long ago
Those nights were glad to be free
Those nights were free.
